Supervising teacher/s:	Miss Wiyana & Miss Mohiuddin			

Dear Parent/Carer,

An excursion has been organised to support the following work being completed at school:

As part of their study of Earth & Environmental Science, 'Earth's Resources and Human Impacts' topics, students are to perform a first-hand investigation by visiting Field of Mars, to assess whether management strategies have been successful over time. Students will also investigate the specific biotic and abiotic effects of several introduced species. This excursion will form the basis of their assessment task.

Please note that there may be a maximum number of students who may attend this event (see above). The signed permission note must be returned to the front office with the correct money. We are unable to provide students with change. We strongly encourage your child to attend this activity, as it will be a positive and valuable learning experience.

Anne Diamond
Head Teacher

Date: 24/02/2020
